Smoke Control – Design, Interconnection, Commissioning and Inspections

Of Stairwell Pressurization systems required in residential occupancies by WA IBC 504.4.1.

Due to Washington State's Amended IBC 2015 section 504.4.1, we are seeing more Smoke Control Systems, specifically Stairwell Pressurization, required in residential occupancies. The WA IBC allows R-1 & R-2 buildings of Type VA construction to increase the maximum number of stories by one provided the interior exit stairways and ramps are pressurized in accordance with Section 909 – Smoke Control. Sessions will be presented by Bob Long – United Building and Engineering Services, LLC and Travis Allen – Allen Engineering,
